GOOD MEETINGS
Bring High Attendance

Attending regular weekly meetings is one of the privileges of being a Rotarian. Every member wants to attend not out of obligation, but because he finds the meetings enjoyable, relaxing, informative and friendly. Club attendance will certainly improve if our meetings provide this desirable atmosphere.

To develop fellowship among the members, chairman of all committees were requested some time ago to hold fire-side meets. We wish to repeat that request once again, if no meetings have been conducted as yet.

The Crippled Children's Aid Committee scheduled for July 19, 1972 could not take any decision since no member of the Committee turned up except the convenor. We would like to impress that unless the members of the Committees participate wholeheartedly in the affairs of the Club and render their assistance to shape the activities of the Club then the slogan "Service above Self" will mean nothing to us. As the famous philosopher R. Roland has said, "that ideals in order to justify themselves must lead to action, otherwise it is treachery or deception".

We would remind the members that if something good has to be done this year to improve our club's attendance and its image, let us meet together and often.
